

## Kindle Paperwhite

On the home screen of your Kindle, select the three lines or dots on the top right side of the screen. Then, select “Settings” in the drop-down menu.

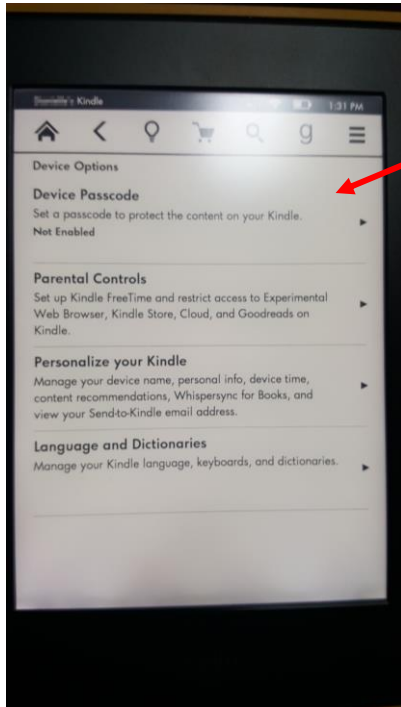

In “Settings”, select “Registration and Household”.

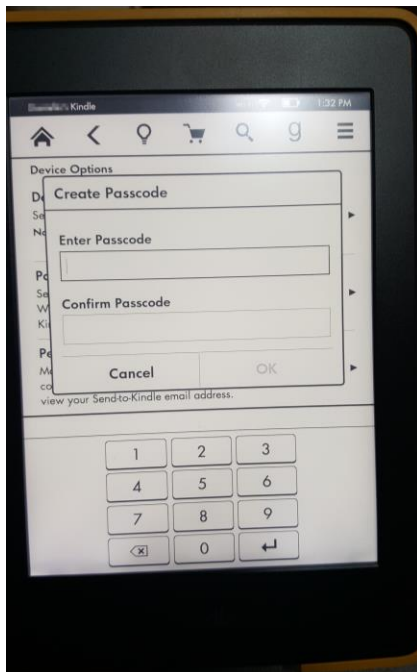

This will allow you to create accounts for your children and other members of your household on the Kindle.

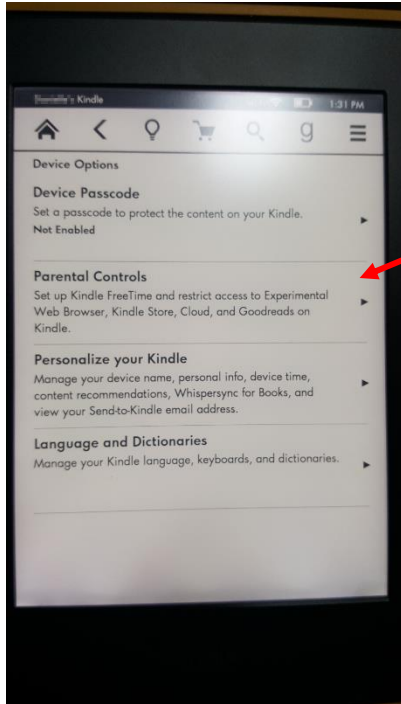

Return to "Settings" and select "Device Options".

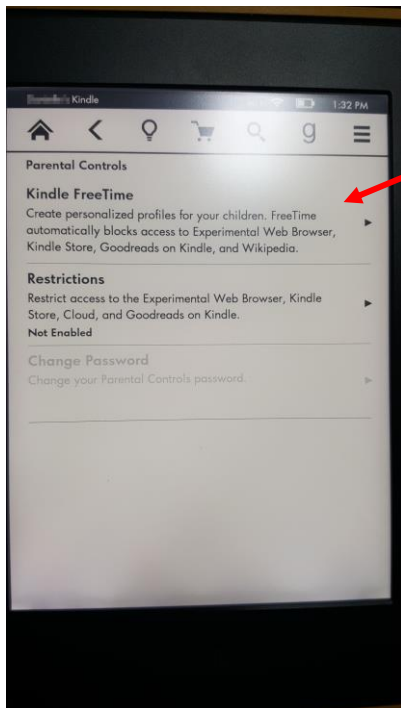

It is recommended that you set a password to protect your device. To set a password, select “Device Passcode.”

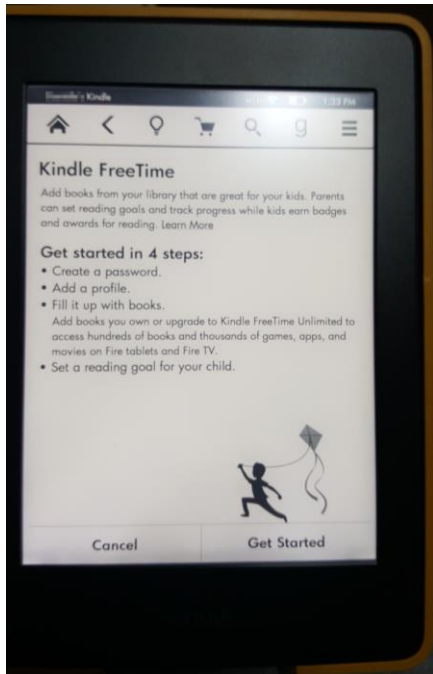

Enter and confirm your passcode.

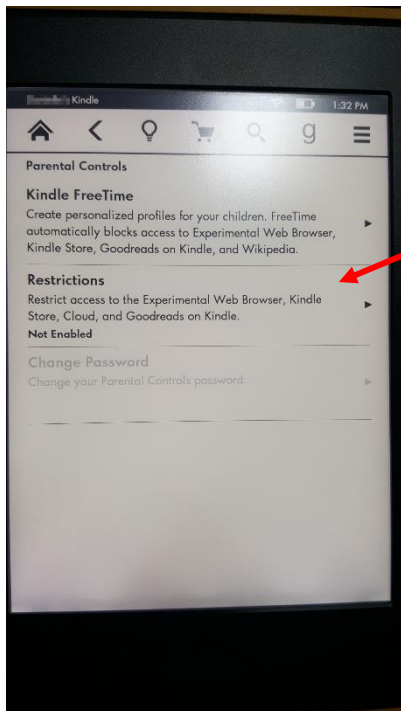

Return to device options. If you would like to set parental controls, select "Parental Controls".

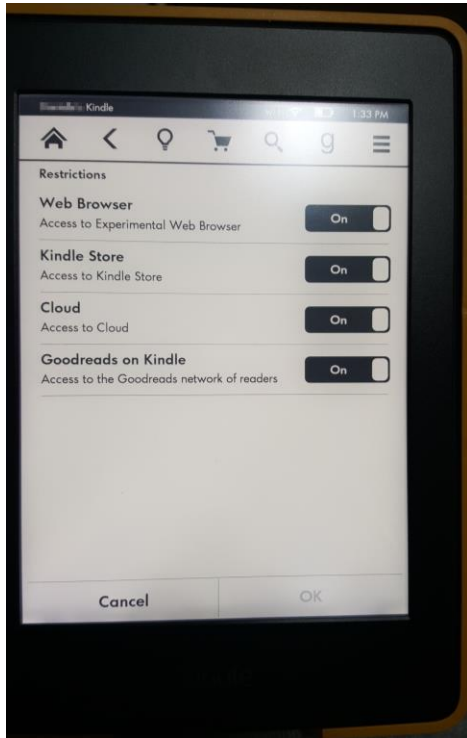

If you have set up an account for your child/children, select Kindle FreeTime.

Kindle FreeTime allows you to fill up your child's/children's accounts with approved book and set reading goals for your child/children. This will also allow you to track your child/children's progress.

Return to "Parental Controls" and select "Restrictions".

“Restrictions” allows you to turn on/off the web browser, kindle store, cloud, and goodreads on Kindle to prevent your children or yourself from accidentally purchasing books, etc.
